## The Ukraine Crisis and African Economies *Impacts on Commodity Markets in Kenya*

In response to the Russia-Ukraine conflict and its impact on African countries, AKADEMIYA2063 developed the Ukraine Crisis Brief Series, a comprehensive research series to provide evidence-based simulations of the ramifications of the crisis.

Hinged upon data, analytics, and past crisis patterns, the AKADEMIYA2063 Ukraine Crisis Brief Series analyzes the economic and socio-economic impacts of global market disruptions induced by the Russia-Ukraine conflict. These research findings are published on AKADEMIYA2063's Ukraine Crisis and African Economies portal.

Session X of the AKADEMIYA2063 Ukraine Crisis Webinar Series will discuss the impacts of the Ukraine Russia Crisis on commodity prices in local markets in Kenya.

Based on AKADEMIYA2063's Ukraine [Brief 18](#), "The Russia-Ukraine Conflict: Impacts on Commodity Markets in Kenya," the session will examine the short-run effects of the Russia-Ukraine war on commodity prices in Kenyan local markets, as well as the varying effects on urban and rural populations. The speaker will also discuss how these trends pose a serious concern to policymakers because of the negative impacts on the welfare of poor households, with rice, sugar, cooking oil, and wheat flour being basic food commodities.
