Tuesday June 28, 2022
13:00 - 14:30 (GMT)

Organized in partnership with the United States Department of Agriculture (USDA), this second dialogue delved into the nexus between trade, nutrition, food safety and food security. It examined Africa’s SPS-related challenges and shared lessons learned and best practices in strengthening Africa’s SPS systems to promote trade, nutrition, and food safety and security. Participants also reflected on how to best use trade and food safety policies as instruments to improve nutritional and dietary quality. The discussion also noted efforts to advance trade and food safety under existing frameworks such as the African Continental Free Trade Area (AfCFTA), the African Union (AU) SPS Policy Framework, and the AU Food Safety Strategy.
